

Since 2018 Dan Lepien has delivered on his commitment to bringing us **PURE, SOLID** country music. When not touring in the Midwest or Nashville, he is writing and recording his brand of country music in Nashville with a multi-Grammy award winning team of studio musicians and engineers. Dan and his band in Wisconsin have developed a loyal following with their interactive live shows and timeless country sound that is reminiscent of the **prime country** era where cowboy-hatted heroes like *Alan Jackson* and *Mark Chesnutt* ruled country radio.
